

2004 DISTINGUISHED SERVICE TO CHILDREN AWARD

Terry Rohren - Omaha

Congratulations to Terry Rohren, the recipient of the 2004 Distinguished Service Award.

Terry's persistence and dedication in bringing the T.E.A.C.H. Early Childhood® project to Nebraska and support during the implementation during the past three years has been instrumental in the success of this valuable program.

Her leadership with the Early Childhood Interagency Coordinating Council and the Natural Allies project will have a long lasting impact on young children, as will the efforts toward defining the statewide consistent core courses at the community colleges and facilitating the beginnings of an articulation process.

Her assistance and support was also essential during the recent restructuring process.

All of this illustrates her qualifications under both criteria.
