

Nebraska Association for the Education of Young Children

## LEADERSHIP ACADEMY

Nebraska AEYC is proud to offer **early childhood center directors and family child care providers** an engaging and interactive opportunity for professional development. Over 80 directors and providers have participated and we'd like you to be next! The Nebraska AEYC Leadership Academy will offer you the opportunity to:

- *Gain a better understanding of different leadership styles and recognize your own personal leadership style*
- *Identify your personal strengths and how these strengths support leadership*
- *Assess your level of Emotional Intelligence (EI) and understand how EI affects leadership*
- *Understand the connection between communication and leadership*
- *Earn professional development in-service hours for child care licensing*

Leadership Academy cohorts will be formed for **center directors in Papillion and Fremont, and family child care providers in the Lexington area**, dependent on funders' requirements.

Cohorts are limited to 5 participants to ensure positive relationship building, and opportunity for thought provoking and rich conversation.

Each cohort will meet once a month during the grant year. Meeting dates and times are established by each cohort.
